

*Dear clients, colleagues, and partners*

ePATHUSA has celebrated 11 years of business in Iowa. On May 6<sup>th</sup> 2005, *ePATHUSA* was founded in Iowa. A small office was established over a decade ago serving local clients, and today is a recognized and certified business that provides consulting and managed services to commercial, nonprofit, Federal and State entities.

Innovation is a part of our story. While advising our clients, we have always applied value adding innovative ideas combined with day to day operational methodologies. Our team has worked consistently to achieve our fundamental goal of becoming the standard of excellence in the market.

The past 11 years of business in Iowa has been a time of intense professional activity, positive initiatives, and existing projects, all of which were accomplished together with our highly valued former and current talents.

I would like to thank all my colleagues who continue to work as one and put their best effort in making ePATHUSA a reliable, trusted and recognized Software Development and IT Consulting company.

Our success depends on client achievement. We hope that our professional insights and consultations contribute to our client's success and to building a sustainable society as well.

I would like to thank you for this wonderful opportunity. We look forward to successful cooperation in the future.

Sincerely,

*Hari Vallure*

President,

*ePATHUSA. Inc*
